

VIRGIN PTFE GASKETS

EMME.BG PTFE GASKETS ARE MADE WITH HIGH QUALITY RAW MATERIAL SUCH AS VIRGIN PTFE .

COLOR : WHITE

SPECIFIC GRAVITY : ASTM D792 GR/CM3 2,16 +/- 0,03

WATER ABSORPTION : ASTM D570 % < 0,01

FLAMABILITY : UL 94 V-0

TENSILE STRENGTH : ASTM D4745 MPA > 20

HARDNESS : ASTM D2240 SHORE D > 54

PERMANENT DEFORMATION (AFTER 24 HRS. RELAXATION AT 23°C) : ASTM D621 % 6 - 7,5

DN	Ø interno mm	Ø esterno mm
10	18	46
15	22	51
20	27	61
25	34	71
32	43	82
40	49	92
50	61	107
65	77	127
80	89	142
100	115	162
125	141	192
150	169	218
200	220	273
250	273	328
300	324	378

- Working temperature with inert or reducing media : -200/+260°C
- Working pressure: 40bar

Le informazioni fornite si basano su un numero limitato di prove di laboratorio. Benché si presume che queste informazioni siano accurate ed attendibili, occorre tenere presente che condizioni o attrezzature differenti possono dar luogo a risultati sostanzialmente diversi. Esse vengono offerte come possibile e utile suggerimento.

The provided informations are based on a limited number of laboratory tests. Although it is assumed that this information is accurate and reliable, it should be borne in mind that different conditions or equipment may result in substantially different results. They are offered as a possible and useful suggestion.
